

New & Used DVD/Video Games Drive

Ends Jul 31, 2010

Help Poor Hospitalized Children Get Rid of Extra and/or Used DVDs and Video Games

The Kids Who Care Club of America has recently started a DVD and Video Game Drive. This drive is to collect these items, sell them, and use the money collected to help supply a children's play room at a hospital in India. The hospital serves the lowest class of citizens and their children. These under privileged children face many hardships in their lives and it is the Kids Who Care Club's mission to bring a smile to the face of ailing children everywhere. The money raised will specifically get furniture built, purchase a T.V, and get the room painted. The basic needs of children will be fulfilled with the simple donation of a D.V.D and/or Video game, so please donate.

The D.VDs and Video games will be sold at a garage sale whose date and location are yet to be determined. Remember to pass the word out to your friends and family. We could use all the donations we can get.

For more information about the organization or for information on how to volunteer go to: <http://www.kidswhocareclub.org><http://www.kidswhocareclub.org>www.kidswhocareclub.org

To contact the volunteer running the garage sale in this area for more information or how you can further assist with the DVD and Video Game Drive:
